

ContiWinterContact™ TS800

Tailor made winter tire optimized for improved handling on dry roads and exceptional traction on snow and ice covered surfaces.

FEATURES & BENEFITS

- Stiff gripping honeycomb-like tread structure:**
 Improves cornering stability and grip on dry road surfaces and creates more gripping edges for outstanding traction on snow
- V-shaped design:**
 Accelerates water evacuation greatly reducing the danger of hydroplaning
- Compact tread blocks:**
 Provides maximum contact with the road significantly improving braking performance on icy surfaces
