

Tough Times Call for even Tougher Tires

Continental IC40
- with TREAD SAVER!

Lowest price does not equal lowest cost!

It can be tempting to purchase the lowest priced bias-ply tires, but it is a decision that usually results in having to replace them a short time later. You end up paying more than if you had chosen a better quality tire in the first place.

With its aggressive, extra deep tread design (up to 40/32nds) and heavy-ply sidewalls, Continental's IC40 industrial tires last longer and hold up in grueling applications where other bias-ply tires fail.

Industrial Tires

Lift Up Your Business!

Continental 

Most bias-ply tires crown in the center tread area when inflated, causing this area to wear out much faster than the outer tread areas. With the IC40's "Tread Saver" design, the center tread starts out in a recessed position until the tire is inflated at which point the center tread becomes flush with outer tread areas. This unique, concave tread design is just another reason Continental's IC40 wears more evenly and lasts longer.

General Service
Bias-Ply Tire

IC40
Extra-Deep

Features

- ▶ Extra deep tread (up to 40/32nds)
- ▶ Concave "Tread Saver" design
- ▶ Thick, heavy-ply sidewalls

Benefits

- ▶ Provides longer wear and maximum cut & puncture resistance
- ▶ Virtually eliminates uneven, premature tread wear
- ▶ Outstanding protection from cut & impact damage. Provides increased vehicle stability

AVAILABLE IN THE FOLLOWING SIZES:

- | | | |
|--------------------------------|--|---------------------|
| ▶ 5.00-8 (8 ply) | ▶ 27x10-12 (250/75-12) (14 & 20 ply) | ▶ 10.00-20 (18 ply) |
| ▶ 18x7-8 (180/70-8) (16 ply) | ▶ 7.50-15 (14 ply) | ▶ 12.00-20 (20 ply) |
| ▶ 6.00-9 (12 ply) | ▶ 8.25-15 (18 ply) | |
| ▶ 21x8-9 (200/75-9) (14 ply) | ▶ 28x9-15 (8.15-15) (225/75-15) (14 ply) | |
| ▶ 6.50-10 (14 ply) | ▶ 250-15 (250/70-15) (18 ply) | |
| ▶ 23x9-10 (225/75-10) (20 ply) | ▶ 300-15 (315/70-15) (22 ply) | |
| ▶ 7.00-12 (14 & 16 ply) | ▶ 355/65-15 (350-15) (24 ply) | |

SPECIAL ORDER:

- ▶ 23x5 (6 ply)
- ▶ 25x6 (8 ply)
