

Continental Multi Purpose Tires (MPT)

Industrial Tires

Lift Up Your Business!

Continental 

Continental (MPT)

MPT 81

- ▶ Provides virtually unlimited mobility
- ▶ Highly flexible carcass
- ▶ Large tread contact area
- ▶ Low noise / vibration
- ▶ Heavy-duty radial construction

MPT 80

- ▶ Economical
- ▶ Large tread blocks
- ▶ Superior self-cleaning tread design
- ▶ Highly flexible carcass
- ▶ Heavy-duty radial construction

MPT 70E

- ▶ Rugged tread pattern
- ▶ Large, open, multi-directional tread for tough off-road, forward/backward applications
- ▶ Heavy-duty radial construction

Features / Benefits

- ▶ A blend of industrial, agricultural, truck, and passenger car tires combined into a single, multi-purpose radial tire
- ▶ Outstanding on-road / off-road capability
- ▶ High load-carrying capacity at up to highway speeds
- ▶ Heavy-duty, highly flexible carcass
- ▶ Steel-reinforced carcass, tread, and side-walls
- ▶ Self-cleaning, high-traction tread designs
- ▶ Can be run with or without tube
- ▶ Run-flat system compatible
- ▶ Central inflation system compatible

- ▶ Ideal for on/off road vehicles including expedition campers and pickup trucks, tactical military vehicles, maintenance or utility vehicles, brushfighter trucks, compact wheel loaders, and other small construction equipment
